Hi Arush,

The client just sent me the below. She had taken a photo of the check prior to it being debited. Do checks ever take more than a day to be processed and shown in our systems as 'check' instead of 'preauthorized debit'?

She would like a copy of the front/back of the check after it has been processed

Best,
Amanda Kirby

Hi Amanda, Looking for photo copied - front back images after/during processing. As you mentioned DB usually has early access to these. But the debit processing is odd. Thank you again, so much for your help.
