Thanks. I see it , more as if a wife caught her husband, with her best friend.. Marriage and the financial markets are at their core based on trust. No matter what the guy does, the marriage is no longer a given. It will take time to build trust, again, it will never be the same, no matter how much money he throws at her 750B , she won't forget this for awhile. , if he does nothing, its over, but steps will need to be taken for quite a while
